Audience: Beginners to the Smarter Balanced Teacher Hand Scoring System (THSS); or new teachers, district and school administrators who will be hand scoring or training hand scorers of the interim assessments.

Description: This half-day, in-person training of the trainers will provide participants with an overview of the THSS used to score open-ended student responses on the Interim Assessment Blocks (IABs). We will review the scoring process and related scoring materials (rubrics, exemplars, and training guides) that can then be applied to the scoring of specific IABs administered in your classrooms. Participants will be led through a brief hand scoring training of Reading and Writing, with a concluding presentation that connects results to the AIR Ways Reporting System and next steps for improving instruction. Participants must have a TIDE user account.
